

Welcome to Ohio... "Birthplace of Aviation"
 Need information and directions? Stop at one of Ohio's 12, updated Travel Information Centers, operated by the Ohio Department of Transportation. These centers, located at most Ohio gateways, are staffed by professional travel counselors who can provide information on attractions, events and lodging in every region. Brochures and pamphlets are available. Please visit 9 am to 5 pm, 360 days a year!

Road Work Ahead...
 As Ohio carries out its highway construction and maintenance program, you're likely to encounter improvement projects just about anywhere you drive in the state. Remember to keep an eye out for the highway crews that are working to make your trip safer and more enjoyable. When you see orange, give'em a "brake!"
